Set	Three wheels (flat faces, grooves, cutting angle), or four with two for the grooves
Grinds	Cemented carbide nail cutters and gripper dies; hardened tool steel
Sizes	Standard sizes; non-standard sizes to drawing, depending on quantity
Supplied as	Sets or single wheels, on request, best ordered with nail tooling

What to send for a quote

- Nail machine model, or the tool the wheel grinds: cutter or gripper die
- Which face: flat, groove or angle — or a photo of the wheel you use now
- Outside diameter, bore, thickness and grit, if the size is not standard
- Quantity, and whether the wheels go with a cutter or die order
